Keeping you safe

We understand that you may still be feeling nervous to be out and about travelling, however keeping our customers and drivers safe is our number one priority. Therefore we have ensured we have continued with our additional safety and hygiene measures.

Measures we have taken as shown below;

Hand sanitiser stations will be available on coaches for customer use as you board. If you can, bring hand sanitiser gel for use during your journey.

Please follow driver directions and on-board announcements to maintain current social distancing recommendations.

All our drivers have been provided with protective equipment including masks, gloves, hand sanitiser and contactless infrared thermometers.

Regular aerosol-based disinfection with a high-performance antiviral solution will be in place. Key touch points including handrails, arm rests, seat belts and toilets will be cleaned regularly using a high-performance antiviral cleaning solution.

To minimise the spread of the virus, you will be required to wear a face mask or face covering whilst on board the coach.

We have disposable face masks available to purchase if required.

Our coaches will be deep cleaned regularly using fogging and antiviral solutions.

Our coaches are fitted with an air purifying system that disinfects the coach as you travel.

Our on-board toilets will remain open and will be regularly deep cleaned.

Please also note, in light of the current situation, some departures may need to be deferred to a later date, we will of course keep you updated at all times.
